- To address burials of loved ones who die from COVID-19, guidelines have been issued to advise on the [management of dead bodies](#).
- For health centres managing cases, the following documents have been released- a guideline for the [Rational Use of Personal Protective Equipment in the care of COVID-19 cases](#).
- As part of plans to increase the testing capacity of the country, the NCDC published a [National Strategy to Scale Up Access to Coronavirus Disease Testing in Nigeria](#) document.
- The Presidential Task Force has published policies and announcements on COVID-19 [available on the website of the Presidency](#) – including presidential addresses, task force updates and information on livelihood and economic support.

RESPONSE

On 28th February 2020, a multi-sectoral Emergency Operations Centre (EOC) was activated at Level 3 – the highest emergency level in Nigeria –led by NCDC in close coordination with the State Public Health EOCs (PHEOC).

- **Trained public and private school teachers on Infection Prevention and Control (IPC) strategies ahead of school reopening in Niger State**
- **Ongoing support for community engagement activities in 10 states in collaboration with partners**
- Trained technical advisors on strategies for implementation of prioritised COVID-19 Incident Action Plan (IAP) and deployed to 19 States
- Facilitated the accreditation/licensing of four (4) additional private labs for COVID-19 testing by the Medical Laboratory Science Council of Nigeria (MLSCN)
- Conducted Training of Trainers (ToT) workshop on IPC for Doctors from Nigeria Medical Association (NMA) and Health workers in Anambra State
- Deployed a month stock of Laboratory IPC materials to Laboratories in the network

- Deployed 360 android phones procured for Local Government Area (LGA) Health Promotion Officer (HPO) for reporting Risk Communication for Community Engagement (RCCE) activities
- All education materials can be found via www.covid19.ncdc.gov.ng
